Dear Mrs Alexandridou,

Regarding the accreditation of the Franchise Programme - LLB with the University of Reading, we are sharing a revised application with the updated curriculum that has been published on the University of Reading's official website (you can find it here).

The reason for the variation of the curriculum in the application resides in the fact that we had applied with the '24-'25 curriculum in operation at the time. The site now has the structure for the year '25-'26, which we have reflected in the application.

At your disposal.

Kind Regards,
