Reply to the External Evaluation Report of the Program of Study

“BEAUTY THERAPY (2 Years, Diploma/120 ECTS)”

CDA College would like to express its appreciation and gratitude to the External Evaluation Committee (EEC) of the methodical and very detailed report of our programme. The College continuously makes every effort to improve the educational standards and completely fulfil the requirements and standards set by the relevant law of Higher Education and the Cyprus Agency of Quality Assurance and Accreditation of Higher Education (CY.Q.A.A).

During the visit on 14th Jan. 2019, the College welcomed the External Evaluation Committee (EEC) and provided every support and assistance to facilitate their work.

First of all, we would like to inform you that this programme of study was approved by SEKAP and has been operating since 2013. Additionally, the same program of study has already been approved by SEKAP both at our Colleges in Larnaca (C.D.A Larnaca) and Pafos (C.D.A Paphos).

After the Cyprus financial crisis of 2013 - 2017, CDA College has rapidly recovered by applying the right strategies without stopping investing and expanding in new programs of study, facilities and equipment. CDA College endeavors financial and educational support to motivate the faculty staff to undertake further research activities. Moreover, the continuous upgrading of the computer laboratories with the latest leading-edge technology and the updating of the Library with new editions of books, data banks, e-libraries, VPN services and other facilities are some of the efforts and upgrades which CDA College undertakes so as to provide students high levels of education standards and support them to gain the most benefit during their studies at CDA College and succeed at their future careers.

The Council and the Academic Committee of CDA College at their meeting held on 28th January 2019, after a thorough discussion with the coordinator of the Program of Study, “Beauty Therapy (2 Years, Diploma)” and the Academic Staff of the Program, **have decided and have already fully implemented the suggestions raised by the EEC** so as to further strengthen the College's program of study and educational standards.
