CONCLUSIONS AND SUGGESTIONS OF THE EXTERNAL EVALUATION COMMITTEE¹

- The present situation of the program, good practices, weaknesses that have been detected during the external evaluation procedure by the external evaluation committee, suggestions for improvement.

The EEC would like to commend the program coordinator and teaching team for:

- The clarity and completeness of the expected learning outcomes
- The clarity of the learning approaches and the method of assessing student performance
- the flexible options and adaptability to the students' personal and special needs
- the excellence of the sample study guide submitted in the application (MBAN-667DE), and
- the financial and human resources dedicated to the program.

Recommendations

The EEC recommends that the program coordinator and teaching team consider:

- Restructuring the program of study to better reflect learning progression so that concepts operating as preconditions precede the teaching of other, more complex and cognitively more demanding concepts
- Instead of embedding knowledge across various modules, introduce focused modules such as Digital Marketing in Hospitality and Strategic Hospitality Management
- Redesigning the Research Methodology module to be a compulsory module for all students whether or not they do a thesis
- Creating another capstone module as an alternative to a thesis
- Increasing the hospitality management content of the program by adding more specialized hospitality management courses
- Making sure that the library holds updated editions of the required course readings consistent with the study guides' bibliography
- Supplementing study guides for all 1st- and 2nd-year courses with appropriate self-assessment exercises comparable to those submitted as part of the model study guide, and
- Ensuring that a set of predefined assessment criteria (rubrics) is clearly and described, consistently used, and communicated to all teaching personnel and students.

The EEC recommends that the institution's senior management consider ensuring equitable workload between conventional and distance learning teaching.

¹ It is highlighted, at this point, that the External Evaluation Committee is expected to justify its findings and its suggestions on the basis of the Document num.: 300.1. The External Evaluation Committee is not expected to submit a suggestion for the approval or the rejection of the program of study under evaluation. This decision falls under the competencies of the Council of the Agency of Quality Assurance and Accreditation of higher education.
