Section 2: Observations Regarding Legislation

Please provide specific observations related to the legislation governing this profession:

The programme for NKUA Medical School Cyprus Branch meets the requirements for professional licensure in Cyprus. Consequently, the graduates of the said programme will be eligible for professional registration and licensure in Cyprus.

I fully approve an initial cohort of 60 students for the NKUA Medical School Cyprus Branch.

Section 3: Additional Comments

Any further comments:

1. It is mandatory that appropriate legislation must be in place asap for the creation and function of University Hospitals in Cyprus.
2. Clinical and Pre-clinical Faculty must be recruited and hired by the University Medical Schools based on merit and pertinent qualifications (according to hierarchy eg. Lecturer, Assistant Professor, Associate Professor, Professor) relating to the triad (a) Clinical or Pre-clinical skills, (b) Teaching performance and skills, (c) Research (based on ratings viz a viz H index, Impact Factor, Number of citations)
3. In University establishments eg Medical Schools and pertinent Medical School University Hospitals, the best qualified and skilled should only be selected that are also characterised by their high human values.

Representative's Signature:
