Based on the recommendations of the EEC, the institution should, by the end of the current accreditation period, provide evidence of fostering a research culture among faculty and students. This should be done in a way that integrates research as an essential component of academic life.

The current accreditation begins in the Spring semester of the academic year 2024-2025 and ceases to be in effect at the end of the Fall semester of the academic year 2029-2030.

Based on (4)(c) of the relevant Law, it is noted that "the above accreditation is valid for the period provided by the provisions of the Law and is repeated every five (5) years and that the procedure starts at the request of the institution, which must, and shall be submitted at least sixteen (16) months before the expiry of the previous accreditation".

Additionally, on the basis of Article (17)(3)(g) during the period of validity of the Accreditation, the Agency acting of its own motion, may examine whether the criteria continue to be met and if they are not met, then the Agency shall revoke the Accreditation, and immediately inform the institution concerned.
