In regards to the above subject, I have instructions to inform you of the following:

- The Agency has noted all actions on your behalf, and has decided that you are in compliance with the Agency's recommendations regarding the above programme of study.

Institutions are obligated to furnish the Agency, prior to the onset of the Spring Semester 2024, with evidence confirming the execution of specific professional development seminars tailored for ESL educators. This evidence must comprise official documents that detail the title and objectives of each seminar, the dates and locations (whether conducted in-person or virtually), the names of all participants, and the credentials of the training organization that delivered these educational sessions. This documentation is crucial for ensuring the continuous enhancement of ESL teaching practices and adherence to the Agency's standards.
